## PIG PALLETS AND DECKS ARE BEST IN CLASS

We understand what you need and build it into every product. That's the PIG Quality Advantage. Our pallets and decks offer features you won't find anywhere else!

### 1 Unsurpassed Strength:

Every PIG Pallet and Deck is built to support the maximum load long-term. Even fully loaded, our products won't bow, buckle or break!

### 2 Thickest Grates on the Market:

Anti-slip structural grates on our Heavy-Duty Pallets add incredible strength - ours won't bend like cheaper alternatives!

### 3 Lowest Loading Height:

A low pallet height means less effort to load and unload drums safely on and off the pallet.

### 4 Proven Chemical Compatibility:

Our pallets and decks are compatible with every type of non-flammable liquid you need to store, whether it's corrosive, oily or anything in-between.

### 5 Rigorous Testing:

We subject all of our products to more punishment than you can ever dish out, so you can be sure that, when we say a pallet can stand up to a 4,000 kg. load, it can.
