

CLEANING UP SPILLS SINCE 1985

1985 CENTRAL PENNSYLVANIA

New Pig is a US-based company that got its start in the Central Pennsylvania town of Tipton. Our company headquarters and manufacturing facilities are there to this day.

1987 ASIA

Two years after our company began, we introduced the product that kicked off the absorbents industry, our PIG Original Sock, into the Asian marketplace.

1993 MEXICO & LATIN AMERICA

We brought our DrainBlockers, SpillBlockers and our PIG Mat—which remains today the world's #1 absorbent mat—to distributors in Mexico and Latin America.

1993 EUROPEAN EXPANSION

In 1993, New Pig established its first European presence with an office and distribution facility in Glasgow, Scotland, serving the whole of the UK.

2006 WORLDWIDE PRESENCE

By 2006, we expanded our reach to over 100 countries! More than 300,000 industrial, commercial, retail and healthcare facilities worldwide are choosing PIG to solve their leak and spill problems.

TODAY

Our mission is to help you keep your workplace clean and safe. Our team knows and understands your local market and is proud to bring our products into new workplaces every day.

THE POWER OF PIG

As you browse through this catalogue, you'll notice a wide variety of the brand customers worldwide know and trust—PIG! Whether you're looking for our high-quality absorbents or prefer our economy PIG Essentials product line, there's a New Pig product for every need. Nobody beats the quality, engineering and performance of PIG.

✓ MARKET LEADERS

New Pig has been recognised as the world's leading manufacturer of leak and spill products since 1985. You can be sure you will get high-quality products that are workplace-proven.

✓ TRUSTED EXPERTS

We've developed years of knowledge and expertise working with industries to help them make their workplaces cleaner, safer, and better. We are focused on providing the best solutions for our customers' leak and spill needs.

✓ FULL-SERVICE PROVIDERS

Our comprehensive product range is just one of the reasons why industries across the world look to us as a trusted supplier. New Pig has the answers to all your leak and spill needs.

✓ INNOVATORS

We've piled up dozens of product awards over the years, but our real measure of success comes from solving your problems. Our product developers take customer feedback into our laboratory and proceed to leak and spill, catch and contain, build and demolish until we create the perfect solutions for you.

Absorbents and Wipes

Any liquid, any job, any workplace — soak it all up with the world's #1 brand. Choose from mats, rolls, socks, booms, pillows, pans and wipes for every application.

Pg **4**

Spill Kits

Be prepared for fast response to any spill with PIG Spill Kits, the only ones packed with PIG Absorbents. From wheeled bins to grab-and-go bags, we have one that's perfect for your job.

Pg **66**

Spill Control and Drain Protection

Protect drains and control liquids with our PIG-proven range of covers, blockers and berms.

Pg **90**

Leak Diverters

Protect your people, equipment and inventory from overhead leaks with PIG leak diverters in a variety of styles and colours.

Pg **102**

Material Handling

Pour and store your liquids quickly and safely with our award-winning drum accessories.

Pg **110**

Containment

We've got safer, easier ways to store every type of liquid — even hazardous chemicals. Includes award-winning products you'll only find at PIG.

Pg **120**

PIG IS THE SUPERIOR CHOICE!

These methods don't get things clean — they make it worse.

RAGS

- Rags don't absorb much liquid and are an inefficient solution for cleaning up large leaks and spills
- Rags don't hold absorbed liquids in and create an even bigger mess
- Rags can't prevent leaking liquids from spreading

CLAY

- Clay doesn't absorb anything at all and just coats itself in oil
- Clay sticks to workers' feet and gets tracked all around your plant
- Clay can get inside machinery and equipment, causing damage that often requires costly repairs
- Clay is heavy to lift and requires sweeping and shovelling to clean up

MOPPING

- Mop heads are not absorbent enough to handle large leaks and spills
- Liquids either get pushed around the floor or they're wrung into a bucket and soaked up again
- Mopping leaves floors wet and slippery, creating hazardous conditions for workers

PIG helps you maintain a clean, safe and productive facility.

OVERSPRAY

- PIG Mat Pads and Rolls are the easy solution for controlling drips and overspray.
- Just put them down, let them do their work, and pick them back up
 - Absorbs overspray to keep work areas and walkways dry, safe and professional
 - Very easy to clean up compared to rags, clay and mopping

LEAKS

- PIG Socks are the professional solution for absorbing machine leaks.
- Mouldable design is ideal for lining machine bases
 - Leaks are captured and contained before they can spread
 - Very easy to clean up compared to rags, clay and mopping

SPILLS

- PIG Pillows, Mats and Socks quickly contain and soak up spills to maintain a professional workplace.
- Surround the spill with PIG Socks to prevent liquids from spreading
 - Place PIG Pillows on large spills to pull in high volumes of liquid
 - Use PIG Mat for cleaning up smaller spills and to dry floors during final cleanup

SOAK IT UP WITH THE #1 BRAND.

High-quality absorbents are customised for every type of job.

PIG MATS Pg 12-47
Supertough PIG Mat lasts 2X longer than ordinary mats. Ideal for catching drips and spills of any type of liquid.

PIG SOCKS & BOOMS Pg 49-57
Stop leaks and spills from spreading, indoors and out, with the widest selection of socks and booms you can find.

PIG PRODUCT TYPE

	U UNIVERSAL	O OIL-ONLY	H HAZMAT
PIG Mats	12-35	38-45	47
PIG Socks	50-51	52-52	53
PIG Booms	--	54-55	--
PIG Pillows	61	62	62
PIG Pans	61	--	--
PIG Loose	59	60	--

PIG LOOSE ABSORBENTS Pg 59-60
PIG Loose Absorbents are cleaner, safer and more efficient than clay.

PIG PILLOWS & PANS Pg 61-62
High-capacity pillows deliver for high-volume spills. Low-profile pans trap leaks from drum faucets, spigots and flanges.

WHAT TYPE OF LIQUID ARE YOU ABSORBING?

UNIVERSAL absorbs and retains oils, coolants, solvents and water

- Hydraulic oil
- Vegetable oil
- Fuel
- Diesel fuel
- Antifreeze
- Propylene glycol
- Acetone
- Toluene
- Xylene
- MEK (methyl ethyl ketone)

OIL-ONLY absorbs and retains oil-based liquids without absorbing a drop of water

- Motor oil
- Hydraulic oil
- Petrol
- Diesel Fuel
- Kerosene
- Vehicle fluids
- Vegetable oil

HAZMAT retains acids, bases and unknown liquids

- Sulfuric acid
- Hydrochloric acid
- Nitric acid
- Hydrofluoric acid
- Phosphoric acid
- Sodium hydroxide
- Potassium hydroxide
- Hydrogen peroxide

Nobody outperforms PIG!

CLEAN
The 100% polypropylene material is safe to handle, it won't rip or fray and it's super absorbent.

LIGHT
No sweeping or shovelling needed. It absorbs up to 10X its own weight, is dust-free and safe on floors and around machinery.

NEAT
Can be placed in spill-prone areas before a spill occurs, you use only what you need, and you pick it up and throw it away easily once saturated.

A MAT FOR EVERY JOB. CHOOSE THE MAT TYPE YOU NEED IN THE STYLE YOU WANT.

- PIG Universal Mat**
Soak up the widest range of liquids in everyday applications. Use these versatile mats for almost any job.
- PIG Elephant Mat**
Same construction as PIG Mat but zigzag stitched for extra walk-on durability.
- Pig Blue Mat**
Our most absorbent mat for big spills and high-volume leaks.
- PIG HazMat Pads**
Specially treated mats are the best you can buy for highly concentrated corrosives.
- PIG Oil-Only Mat Pads**
Clean up oily leaks and spills without taking in a drop of water. Lasts 2X longer than ordinary mats.
- PIG Oily Water Filter Mat**
Ideal for stormwater applications and general filtration of oily water. Absorbent mat allows water to pass through as it captures oils.

Choose Your Mat Style
PIG Mat comes in various styles and packaging options that best fit your needs.

PIG UNIVERSAL MATS

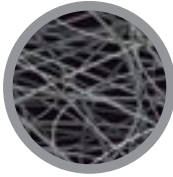

PIG UNIVERSAL MAT ABSORBS ANYTHING AND WORKS EVERYWHERE.

- **Lasts 2x longer** — Tougher than ordinary mats for fewer changeouts.
- **8-layers strong** — Won't rip, tear or shred, even if soaked.
- **Highly absorbent** — Fine-fibre construction retains liquids.
- **Exclusive dimple pattern** — Quickly wicks liquid for faster, easier clean-up.
- **Easy-tear perforations** — Use only what you need, reduce waste.

8 Layers
Eight layers of thermally bonded polypropylene give PIG Mat superior strength and abrasion resistance.

Holds Its Liquid
Highly absorbent fine fibres trap liquids so they don't pour back out when you pick up the mat. The mess is gone for good!

TRIED & TRUSTED

PIG Mat delivers the perfect balance of absorbency, retention and durability.

Absorbency
Our exclusive dimple pattern speeds up the wicking of liquid throughout the mat. Leak and spill cleanup is quick and easy.

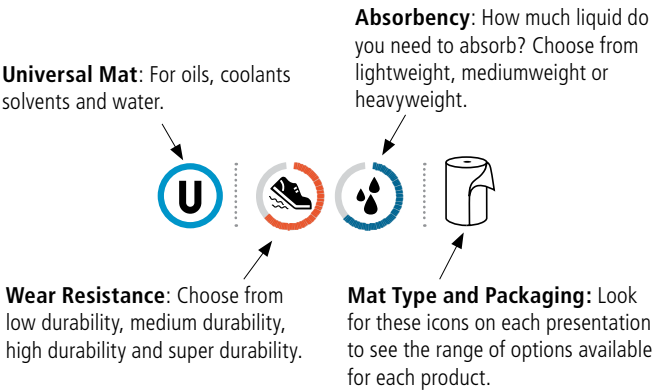

Retention
Highly absorbent fine fibres trap liquids so they don't pour back out when you pick up the mat. The mess is gone for good!

Durability
Eight layers of thermally bonded polypropylene give PIG Mat superior strength and abrasion resistance.

ICONS FOR UNIVERSAL MATS

Options in this section:

- Pads**
- Pads in a Box**
- Rolls**
- Roll in a Box**
- Barrel Top Mats**

High Volume Heavyweight mat absorbs more liquid per pad for high-volume leaks and large spills.

Medium Volume Mediumweight mat offers mid-range absorbency for everyday maintenance and common jobs.

Low Volume Lightweight mat is perfect for cleaning up smaller spills.

Poly-Backed

PIG ADHESIVE-BACKED MATS

Create worry-free walkways with the mats that lay flat and stay put.

New Pig's Adhesive-Backed Mats feature a proprietary adhesive that sticks to the floor with a super-tight grip, but peels up easily for quick changeouts. They also include a leakproof backing that prevents absorbed liquid from soaking through to the floor. Super thin, tough and absorbent, Grippy adhesive-backed mats are designed for anywhere people are working and walking.

TESTED AND CERTIFIED!

EU DIN 51130:2014 – PIG Grippy Floor Mat classified as slip resistance R13 according to DIN51130 - suitable for use on floors in workrooms and work areas where there is increased risk of slipping due to grease, oil, water, foods, left-overs, dust, flour, paint clippings etc.

BS7976-2:2002+A1:2103 - low slip. Tested in accordance with BS 7976-2:2002+A1:2013, and demonstrated low slip potential in both wet and dry conditions

BS EN 13501-1:2007+A1:2009 - Fire classification Bfl-s1 when tested according to BS EN 13501-1

USA National Floor Safety Institute (NFSI): When used as part of your floor safety program, high-traction surfaces such as PIG Grippy Floor Mat have been proven to reduce slip-and-fall claims by as much as 90%.

ADHESIVE BACKING

MAT32100

MAT1625

MAT398

PIG GRIPPY FLOOR MAT

PIG GRIPPY FLOOR MAT IS EXTREMELY DURABLE AND VERY LOW PROFILE.

- Stays exactly where you put it
No shifting, bunching up or flipping over.
- Sticks to most common commercial floor surfaces
Concrete, vinyl tile, ceramic tile, quarry tile and linoleum.
- Stands up to heavy traffic — even forklifts
Keep it on the job for up to 12 weeks.
- Easy to clean
You can sweep, vacuum, mop or scrub right over it.

HERE'S HOW GRIPPY FLOOR MAT WORKS:

ADHESIVE BACKING sticks tight, but peels up easily.

INTERLOCKING FIBRES make the mat virtually indestructible.

ABSORBENT TOP pulls in liquid and wicks it away from the centre.

PIG RESTROOM MAT WITH GRIPPY BACKING

INFUSED WITH ANTIMICROBIAL TECHNOLOGY TO HELP PREVENT ODOR-CAUSING BACTERIA AND MOULD.

PIG Restroom Mat Bundle with Grippy Backing

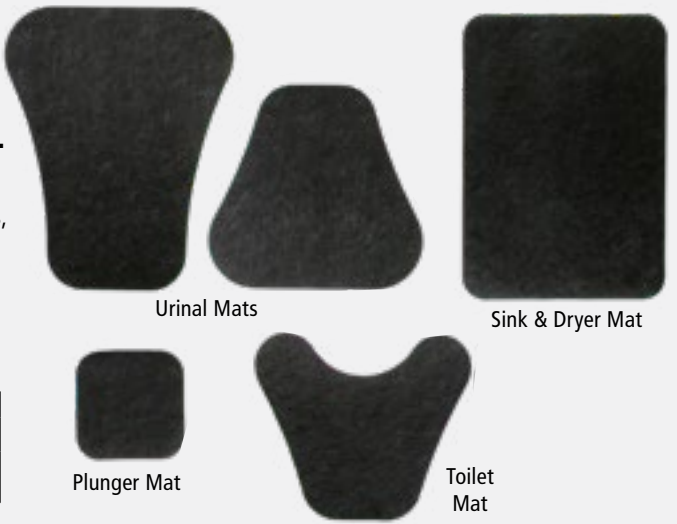

Outfit a small restroom with one box.

Bundle includes a variety of PIG Grippy Restroom Mats for maximum drip/splash coverage: you get two sizes of urinal mats, a toilet mat, sink/dryer mat and plunger mat.

PIG® Restroom Mat Bundle with Grippy® Backing

DESCRIPTION	ITEM #
Restroom Mats	GRP7000
Contents: 1 Urinal Mat • 1 Urinal Mat • 1 Toilet Mat • 1 Sink & Dryer Mat 1 Plunger Mat	

Patent Pending

PIG Urinal Mat with Grippy Backing

Excellent drip/splash coverage.

Adhesive-backed mats absorb urine and dry out quickly. GRP7001 catches drips and splashes in standard applications. GRP7002 is extra-large for extended coverage.

PIG® Urinal Mat with Grippy® Backing

SIZE	UNIT	ITEM #
45.7cm W x 43.2cm L	6 Pads/Box	GRP7001
48.3cm W x 59.7cm L	6 Pads/Box	GRP7002

Patent Pending

PIG Urinal Mat Runner with Grippy Backing

Continuous coverage for long rows.

Roll out and cut to length the perfect size runner for continuous drip/splash coverage; 8m roll provides enough coverage for up to 10 urinals; also ideal for rows of sinks or wherever custom sizes are needed.

PIG® Urinal Mat Runner with Grippy® Backing

SIZE	UNIT	ITEM #
61cm W x 8m L	1 Roll	GRP7004

Patent Pending

PIG Toilet Mat with Grippy Backing

Protect floors around the toilet base.

Mat design fits around the base of your toilet to absorb urine and provide maximum drip/splash coverage. Durable, low-profile mats stay firmly in place as you mop, sweep or run a scrubber right over them.

PIG® Toilet Mat with Grippy® Backing

SIZE	UNIT	ITEM #
45.7cm W x 39.4cm L	6 Pads/Box	GRP7003

PIG SURGICAL MAT

PIG SURGICAL MAT KEEPS OPERATING ROOM FLOORS CLEAN AND DRY.

- **Super absorbency**
Floor stays safe and dry during wet procedures.
- **Rapid turnover**
Perform more procedures, reduce disposal costs.
- **No more stress**
Put it down, let it work, pick it up, move on.

SUPERIOR TECHNOLOGY

- Spunbond top layer for durability
- Eight layers of highly absorbent polypropylene
- Leakproof layer prevents liquid from soaking through
- Proprietary adhesive sticks tight but peels up easily.

ICONS FOR SURGICAL MATS

Universal Mat: For oils, coolants solvents and water.

Absorbency: How much liquid do you need to absorb? Choose from lightweight, mediumweight or heavyweight.

Wear Resistance: Choose from low durability, medium durability, high durability and super durability.

PIG BLUE MATS

PIG BLUE MAT EASILY HANDLES HIGH-VOLUME LIQUIDS.

- **Maximum absorbency**
Soaks up more so you use less on big spills.
- **No leak zones**
Free of light spots for even absorption.
- **Stays together**
Won't fall apart, even when saturated.
- **Eco-friendly**
Contains 75% recycled fibres.

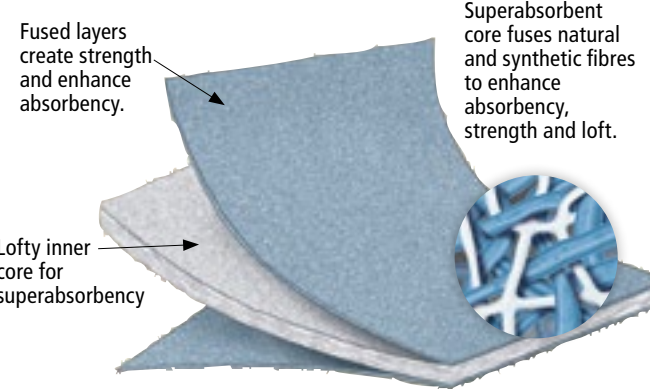

HEAVYWEIGHT MAT
Absorbs more liquid per pad for high-volume leaks and large spills.

LIGHTWEIGHT MAT
Ideal for everyday tasks and clean-ups.

SUPERIOR TECHNOLOGY

It's Thick. It's Thirsty. It's Pig Blue Mat.

PIG OIL-ONLY MATS

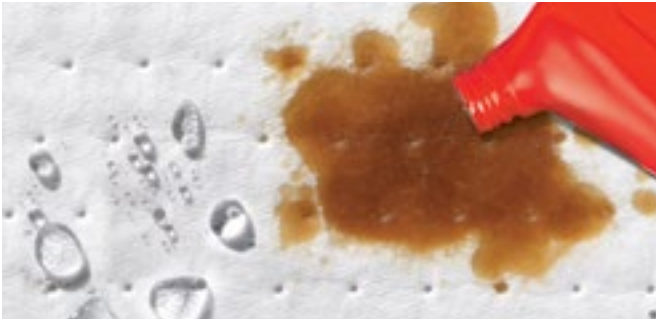

PIG OIL-ONLY MAT ABSORBS OIL AND REPELS WATER.

- **Absorbs and retains oil-based liquids, lubricants and fuels, but not a drop of water**
Floats to skim spill off water.
- **Strongest mat on the market**
Won't rip, tear or fray.
- **Exclusive dimple pattern**
Quickly wicks liquid throughout mat.
- **Highly absorbent, fine-fibre construction**
No liquid or fibre residue left behind.
- **Static-dissipative version**
PIG Stat-Mat absorbs fuels and solvents; proven to dissipate static.

WATER REPELLENT, OIL OBSESSED.

3 applications where PIG Oil-Only Absorbents are most effective:

1. **On water** — Our oil-only socks, booms, mats and pillows float on the surface so you can control even the largest waterborne oil spills. They won't sink, even if they're soaked!
2. **In the rain** — Raindrops bounce right off our oil-only products for easy, effective outdoor cleanups. Don't waste absorbency on a puddle of water when you can just skim the oil off the top.
3. **Just oil** — Indoors or out, if you know you're only cleaning up oil-based liquids, PIG Oil-Only Absorbents can maximise efficiency and save you money.

ICONS FOR OIL-ONLY MATS

Oil-Only Mat: Absorbs fuels and oil-based liquids but not water.

Absorbency: How much liquid do you need to absorb? Choose from lightweight or heavyweight.

Wear Resistance: Choose from low durability, medium durability, high durability and super durability.

Mat Type and Packaging: Look for these icons on each presentation to see the range of options available for each product.

- Options in this section:
- Pads
 - Pads in a Box
 - Rolls
 - Roll in a Box
 - Barrel Top Mats

High Volume Heavyweight mat absorbs more liquid per pad for high-volume leaks and large spills.

Medium Volume Mediumweight mat offers mid-range absorbency for everyday maintenance and common jobs.

Low Volume Lightweight mat is perfect for cleaning up smaller spills.

More information on page 37-38.

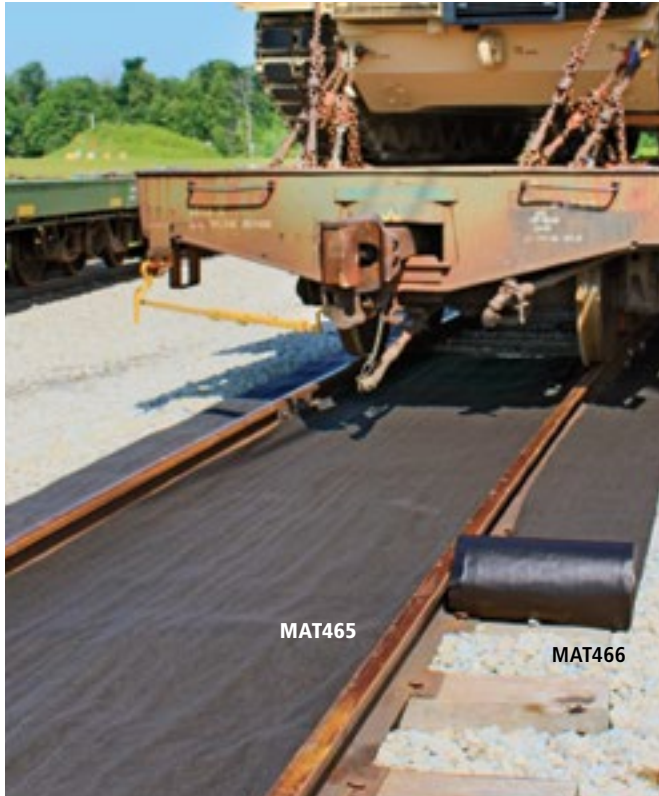

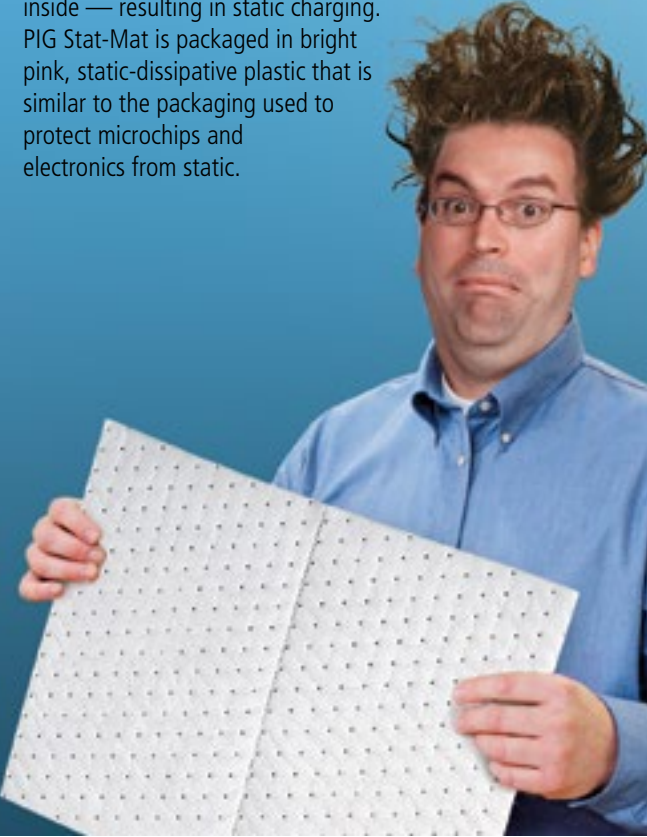

IT ONLY TAKES ONE SPARK

You can follow guidelines, comply with regulations, bond and ground every tank, fuel pump and container, but one simple fact remains: static electricity hides in plain sight and all it takes is one spark for disaster to strike — especially when there's a spill.

Refueling and liquid transfers create spills, so it makes sense to use absorbents in these areas to conform with environmental standards. The problem with conventional oil absorbents is that they're made from polypropylene — a plastic — and naturally carry a static charge. Independent testing shows that these absorbents can carry a charge large enough to spark an explosion just by pulling one out of the bag. That's why using conventional oil absorbents around flammable liquids puts people in real danger.

The only way to be sure an absorbent is safe to use around flammables is to use one designed specially for static decay and surface resistivity, like PIG Static Dissipative socks, pads and rolls!

There also is a significant potential for shipping and handling to cause friction between the plastic bag and the absorbents inside — resulting in static charging. PIG Stat-Mat is packaged in bright pink, static-dissipative plastic that is similar to the packaging used to protect microchips and electronics from static.

PIG Oil-Only Railroad Mat

Protect ground from oil-based liquids.

Heavy-duty, three-ply mat is designed specifically to absorb oil-based liquids during railyard maintenance. The top layer is constructed with a tough geotextile fabric that's needle punched for added durability; UV resistant for outdoor use.

Replaceable absorbents line berm walls to capture leaks and spills.

RFL902 Absorbent liner is easy to remove and replace.

PIG HAZMAT

ATTENTION: Independent testing indicates that PIG® HazMat products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that these products will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG® HazMat products prior to purchase. If you have any questions or need samples to test, please contact your local distributor.

SUPERIOR TECHNOLOGY

Eight layers of fine fibre polypropylene specially treated to absorb corrosives make PIG Mat the toughest mat on the market!

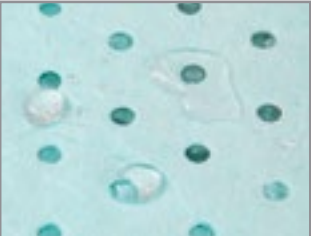

PIG HAZMAT ABSORBENTS STAND OUT FROM THE REST FOR CHEMICAL CLEAN-UP.

- **Absorbent range**
Acids, caustics, corrosives, chemicals and unknown liquids.
- **Chemical resistant**
No degradation or dangerous reaction on contact with corrosive.
- **Strongest mat**
Won't rip, tear or fray even when saturated.
- **Distinctive pink**
Pink colour is easily distinguishable for correct choice.

ACID SPILLS? THINK PINK. PIG HazMat outperforms the competition:

OURS
Even 98% Sulfuric acid is completely absorbed.

THEIRS
Highly corrosive liquids just puddle on top.

ICONS FOR PIG HAZMAT

HazMat: Absorb most acids, caustics and unknown fluids.

Absorbency: How much liquid do you need to absorb? Choose from lightweight, mediumweight or heavyweight.

Wear Resistance: Choose from low durability, medium durability, high durability and super durability.

Mat Type and Packaging: Look for these icons on each presentation to see the range of options available for each product.

PIG ABSORBENT SOCKS & BOOMS

SOME MESSES NEED MORE THAN A MAT.

Leaking machines or runaway spills must be confined before they make your floors a mess and create the potential for a slip-and-fall accident. That's when you reach for a mouldable PIG Sock to tackle it. From Original PIG Socks for general maintenance to PIG Blue Socks for diking and damming liquids, every sock we sell is PIG-tough to get the job done.

Highly absorbent filler traps and holds liquids — they won't leach out onto floors.

Mouldable skin won't fall apart.

Absorbent material is contained, so socks are easy to pick up and replace.

Stop spills from spreading!
See how PIG Absorbent Socks absorb a variety of fluids that might leak and cause problems in your workplace.

SCAN with a smart phone.

DO I NEED A SOCK OR A BOOM?

SOCK

Use a sock for smaller oil-based spills or maintenance.

BOOM

Surround, absorb and control large-volume oil-based spills on land or water.

CHOOSE THE BEST SOCK OR BOOM FOR YOUR SPILL.

U UNIVERSAL SOCKS

PIG ORIGINAL

Cost effective; has highly absorbent corncob filler.

PIG Oil-Only Absorbent Sock

The best outdoor socks you can buy.

UV-resistant up to one year; outlasts other outdoor socks. Ideal for use on land, but also floats to clean up oil-based liquids on water.

PIG® Oil-Only Absorbent Socks 			
SIZE	UNIT	ABSORBS UP TO	ITEM #
8cm Dia x 122cm L	12 Socks	45.6 L/Box	SKM210

 More information on page 48.

PIG Skimmer Socks

Absorb surface oil from tanks.

Chemically resistant, they're even tough enough for acid baths and phosphate tanks. Repel water-based liquids and float for easy retrieval.

PIG® Skimmer Socks 			
SIZE	UNIT	ABSORBS UP TO	ITEM #
8cm Dia x 122cm L	10 Socks	38 L/Box	104PS
8cm Dia x 3m L	6 Socks	57 L/Box	SKM203

 More information on page 48.

PIG Sump Skimmers

Skim oil from sumps, tanks or bilges.

Capture oils, but no water, from any container of water-based liquid. Bright white colour easily shows saturation level.

PIG® Oil-Only Sump Skimmers 			
SIZE	UNIT	ABSORBS UP TO	ITEM #
3.8cm Dia. x 46cm L	30 Socks	15 L/Box	SKM401

See note on pg. 46 for more details on compatibility.

 More information on page 48.

PIG Spaghetti Socks & Booms
Absorb thick oil spills on water.

Mesh skin and spaghetti strip filler pulls in thick oil spills on still or fast-moving water (not for use on land). UV-resistant; floats for easy retrieval.

Internal rope runs the length of mesh skin for strength when deploying and retrieving.

Available in varying diameters. Choose larger diameter booms for larger spills.

PIG® Oil-Only Spaghetti Socks

SIZE	UNIT	ABSORBS UP TO	ITEM #
8cm Dia x 3m L	8 Socks	60 L/Bag	BOM204

PIG® Oil-Only Spaghetti Booms

SIZE	UNIT	ABSORBS UP TO	ITEM #
13cm Dia x 3m L	4 Booms	90.8 L/Bag	BOM203
20cm Dia x 3m L	4 Booms	181.6 L/Bag	BOM202

More information on page 48.

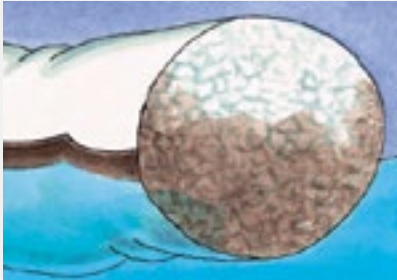

Spaghetti strip filler pulls in thick, petroleum-based liquids for effective spill cleanup.

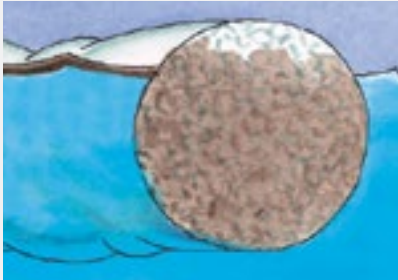

OIL-ONLY BOOMS AT WORK...

Surround spill with booms. They begin to absorb oil (not water) as soon as they're in place.

As oil is absorbed, the boom sinks in the water. Oil is now exposed to fresh absorbent.

When completely saturated, the boom will "bob" just below the water's surface.

PIG Absorbent Boom
Control spills with field-proven booms.

Floats to confine and soak up spills on water; hugs ground for land-based spills. Tough outer mesh is UV resistant for long-term outdoor use without degradation. Dark colour boom are less noticeable when deployed on land or water.

PIG® Oil-Only Absorbent Boom

SIZE	UNIT	ABSORBS UP TO	ITEM #
20cm Dia. x 6m L	2 booms	181.6L/bag	BOM409
20cm Dia. x 3m L	4 booms	181.6L/bag	BOM304*

More information on page 48.

CONTAINMENT BOOMS

CONTAIN OIL AND DEBRIS TO KEEP IT FROM SPREADING.

Closed-cell polyethylene foam corrals pollutants while the skirting barrier hangs below the waterline to stop them from creeping under. Galvanized steel chain along the length of the boom adds weight and rigidity (Except for Tundra Guard boom, which is water-filled for weight). Vinyl-coated polyester material is UV resistant. Foam floats are segmented, so all booms fold up neatly for compact storage. Strap handle/anchor point allows easy one-person deployment (featured on all models except EconoMax Booms)

Slide connectors

Most booms shown on the opposite page include marine-grade aluminum slide connectors and toggle pins. (Excludes BOM301 and BOM302)

Snap hooks

PIG Oil and Debris Containment Booms (BOM301 and BOM302) feature snap hooks so you can easily secure and overlap booms.

CHOOSE YOUR BOOMS BASED ON TYPE OF CURRENT AND BODY OF WATER:

For calm waters

Rectangular foam inserts and 40.6cm–45.7cm height provide enough buoyancy for calm water. Effective in bays, harbours and breakwaters.

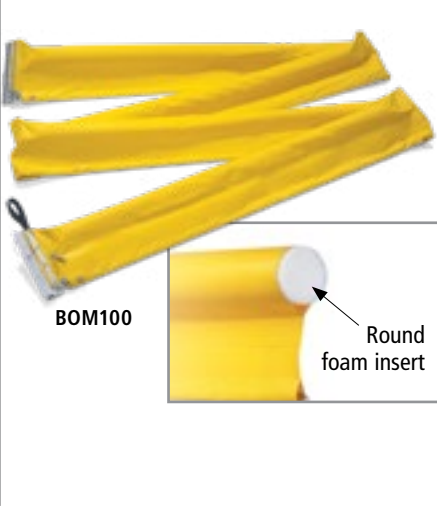

Choose these products:
EconoMax Booms
PIG Oil & Debris Booms

For calm, shallow waters

25.4cm-high boom with round foam inserts is designed for shallow waters. Use in streams, canals, drainage ditches and swamps.

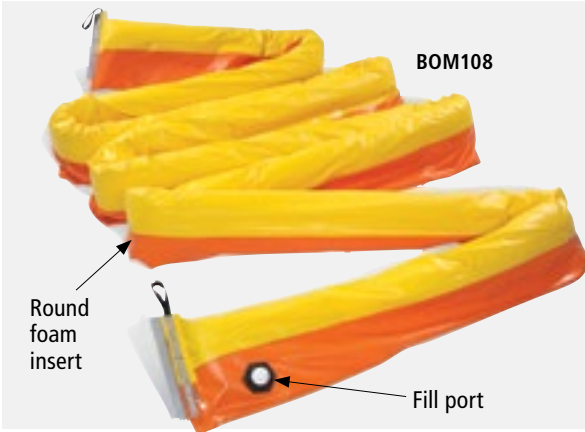

Choose these products:
Super Swamp Booms

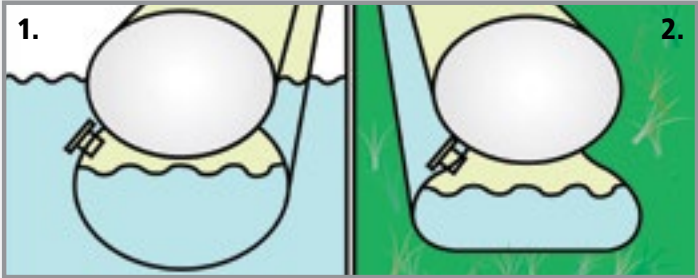

For fast currents

Round foam inserts and 45.7cm–50.8cm height makes these best for rough waters. Ideal for rivers, ports and harbours.

Choose these products:
Optimax Booms & Simplex Booms

TUNDRA GUARD BOOM

Water-filled boom floats in deeper waters (1), but settles snugly in marshes or when the tide is low (2).

Nonabsorbent Oil & Debris Containment Boom

PIG LOOSE, PANS & PILLOWS

What type of liquid are you absorbing?

U

UNIVERSAL

O

OIL-ONLY

H

HAZMAT

SIX REASONS TO STOP USING CLAY AND SWITCH TO PIG LOOSE ABSORBENTS!

1

Clay doesn't absorb. It just becomes coated with liquid that can seep through.

2

Clay is heavy: A bag can weigh 18–22kg — and it's hard to carry, sweep and shovel.

3

It is abrasive. Gritty particles can damage machine parts.

4

Clay sticks to your shoes. So you end up tracking it all over your site.

5

It's a health hazard. Some clay contains silica that can cause lung damage.

6

Disposal is expensive, messy and labour intensive.

PIG LOOSE ABSORBENTS ARE CLEANER, SAFER AND MORE EFFICIENT THAN CLAY.

Some messes clean up better with loose. With lightweight, highly absorbent, chemically resistant options, we've got you covered! You'll NEVER have to resort to clay.

- Spend less time and money cleaning up spills of oils, coolants, solvents and water with PIG Universal Loose Absorbents.
- Our Loose Oil-Only Absorbents are perfect for oil spill clean-up without taking on a drop of water.
- PIG HazMat Loose Absorbents are specially formulated to stand up to corrosive materials.

CHOOSE FROM MORE SOLUTIONS TO YOUR SPILL SITUATIONS.

PIG WIPES

PIG WIPES ARE TOP QUALITY FOR JOBS FROM POLISHING TO ROUGH SCRUBBING.

For a perfectly manufactured, clean and dependable product every time, PIG Wipes can't be beat. Use the chart below as a guide to picking the best wipe for your needs.

CHOOSE FROM OUR FULL RANGE OF WIPES FOR EVERY NEED.

WORKWIPES RAGS
The highest in quality, consistency and performance; each rag is 100% usable!
Pages 64

ULTRA-DUTY
Get super durability, absorbency and abrasion resistance all-day long.
Pages 65

HEAVY-DUTY
Tough enough to clean rough parts without shredding.
Pages 65

MEDIUM-DUTY
Blends versatility, absorbency and affordability.
Pages 65

LIGHT-DUTY
Economical but tough on harsh solvents.
Pages 65

LOOK FOR THESE ICONS.

The higher the number, the more you can expect from your wipe.

100 PR100 ULTRA-DUTY
Can be used all day and provide the highest levels of abrasion and solvent resistance.

80 70 60 PR60-80 HEAVY-DUTY
Provides the extra toughness you need for jobs like wiping rough parts, gears and sprockets.

40 30 PR30-40 MEDIUM-DUTY
Delivers a balance of toughness, absorbency, and economical cost per toss.

20 10 PR10-20 LIGHT-DUTY
Is made for high-volume use during light wiping or surface drying jobs.

Compression-packed bags are a great choice when space is tight.

All boxes feature built-in handles and an opening for easy dispensing.

WorkWipes Rags

High quality rags made from a variety of materials.

Strict material and size requirements mean more usable, high-quality rags in every package. Choose white coloured material for use with solvents, which might cause coloured rags to bleed. Eco- and cost-friendly New Material rags are made from factory mill ends of new cotton and cotton-blend T-shirt material and 100% pre-consumer recycled textiles. T-shirts are durable, laundered and low-lint cotton; ideal for staining, wiping, polishing and other general-use tasks.

Kits are packed in the order contents are needed for fast response and access
- **Variety of containers**
Choices range from portable grab-and-go to mobile carts to overpack salvage drums

SHOP BY LIQUID

Choose a spill kit with the right kind of absorbents for the liquids you manage at your facility.

U UNIVERSAL SPILL KITS

Also called "MRO" absorbents, they soak up the widest range of liquids — oils, coolants, solvents and water.

Common liquids absorbed: hydraulic oil, vegetable oil, gasoline, diesel fuel, antifreeze, water-based solvents, propylene glycol, acetone, toluene, xylene and MEK

See pages 72–79, 81, 84

ABSORBS OILS, COOLANTS, SOLVENTS AND WATER

O OIL-ONLY SPILL KITS

PIG Oil-Only Absorbents repel water, so you can clean up fuel and oil-based spills, even in outdoor applications.

Common liquids absorbed: motor oil, hydraulic oil, cutting oil, diesel fuel, synthetic oils, vehicle fluids, vegetable fluids and oil-based solvents

See pages 72–76, 78-79, 82, 87-89

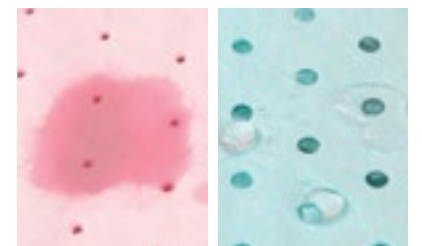

ABSORBS OILS BUT NOT WATER

H HAZMAT SPILL KITS

PIG HazMat Absorbents are specially treated to soak up acids and bases without degrading or reacting.

Common liquids absorbed: sulfuric acid, hydrochloric acid, nitric acid, hydrofluoric acid, phosphoric acid, sodium hydroxide, potassium hydroxide and hydrogen peroxide

See pages 76–79, 83, 85

OURS
Even 98% sulfuric acid is completely absorbed.

THEIRS
Highly corrosive liquids just puddle on top.

ATTENTION: Independent testing indicates that PIG HazMat products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat products prior to purchase. If you have any questions or need samples to test, please contact your PIG Distributor.

PIG SPILL KITS

Truck Spill Kits
Rugged spill kits are road-ready and packed with supplies for cleaning fuel and other vehicle liquids. See pages 71-75.

Wheeled Spill Kits
Roll your spill response supplies right to the spill site in these containers with wheels. See pages 78-79.

Spill Kits in Hi-Viz Containers
Safely store your spill response supplies all in one place in a container that best suits your needs. See pages 84-85.

Bag Spill Kits
Store these kits just about anywhere for easy access and quick transport to the scene of the spill. See pages 76.

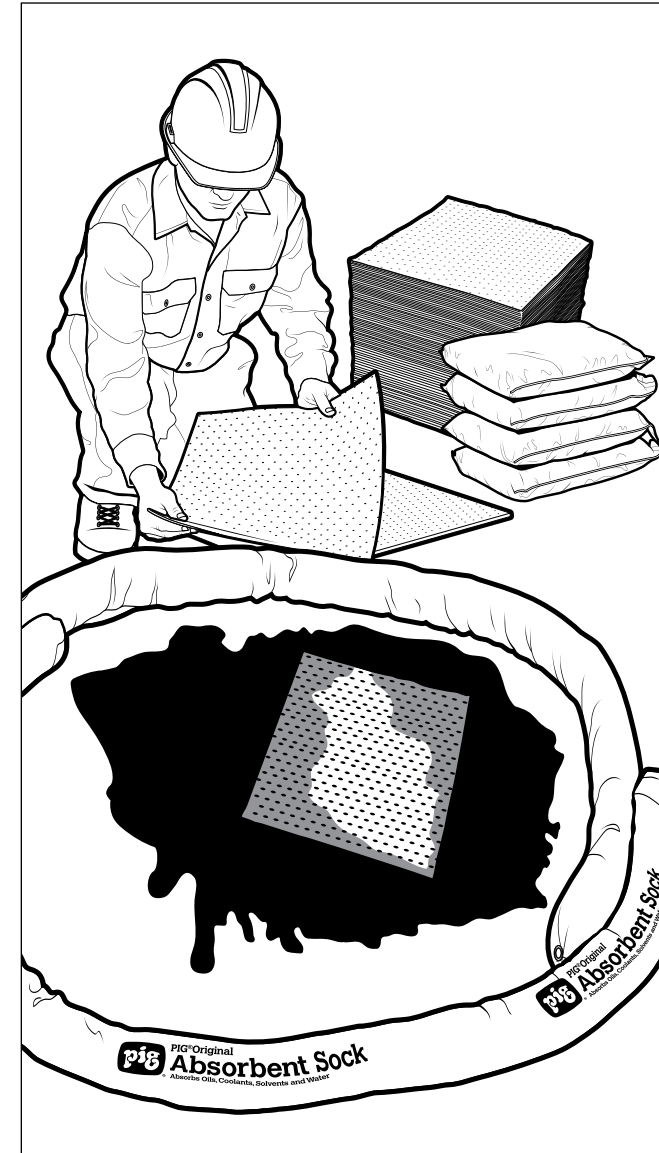

Spill Kits in Overpack Drums
UN Rated containers are perfect when you need to ship your spill cleanup waste. See pages 81-83.

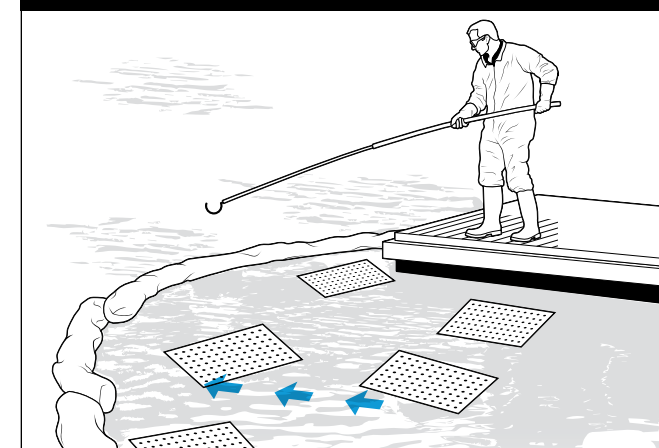

Fuel Station Spill Kits
Rugged, weather-resistant containers packed with our best absorbents for spilled fuel and oil. See pages 86-89.

SPILL RESPONSE IN FIVE STEPS

ON WATER

Position booms downstream with enough slack to float freely or angled from water flow to channel oil.

1

Put on proper personal protective equipment.

2

Overlap socks to contain spill. Use multiple layers for large spills.

3

Place absorbents from the outside in.

4

Use **A** mats for maximum coverage, **B** pillows for maximum absorbency.

5

Dispose of used absorbents in yellow bags.

GET A **FREE** SPILL RISK ASSESSMENT WITH PIG!

Take the guesswork out of spill preparedness with the world's first physics-based Spill Risk Algorithm, a PIG exclusive!

- Patents-pending algorithm performs more than 600 calculations
- Requires just 5 minutes of data collection per area
- You receive a full Spill Preparedness Report in days

CONTACT YOUR PIG DISTRIBUTOR TODAY TO SCHEDULE YOUR FREE SPILL RISK ASSESSMENT!

“We received more value from New Pig’s SPILL RISK REPORT in 3 days than we did from an on-site consultant in 3 months.”

— CUSTOMER AT A FORTUNE 100 R&D LAB

PIG TRUCK SPILL KITS

Inside and out, we designed PIG Truck Spill Kits just for trucks. Until now, people used industrial spill kits as truck kits — it just doesn't work. Here's what makes ours better:

TRUCK-FIRST DESIGN

We studied trucks of every size and shape, *then* we developed spill kits to fit. (Check them out below!)

ULTRA-DURABLE

Rugged construction for the rigors of the road. Our new bags won't rip or tear, so you can refill and reuse them.

ROAD-READY SUPPLIES

Packed with PIG Absorbents, collapsible containment and more for cleaning up spilled oil, gas and other vehicle fluids.

BEHIND THE SEAT

Stowaway Bags are just the right size for storing behind or underneath your seat.

EXTERIOR MOUNTED

Bucket Kits and Duffel Bag Kits can be mounted with optional brackets.

IN THE BED

Storage Boxes fit standard truck beds. Bucket Kits are also designed to ride outside and protect contents.

BOX COMPARTMENTS

Tote Bag Kits are ideal for large internal or external compartments and mounted storage boxes.

SCAN with a smart phone.

4 Steps to Truck Leak & Spill Response
Prepare for spills on the road with Truck Spill Kits from New Pig.

LONG COMPARTMENTS

Duffel Bag Kits fit wheel well boxes and other long, narrow areas. External mounting containers also available.

PIG Truck Spill Kit in Stowaway Bag

Space-saving spill response stashes behind or underneath your seat.

Hi-viz yellow bag with reflective striping is easy to find; increases driver visibility and safety during spill response. Packed with PIG Absorbents and other spill response supplies for cleaning up oil, fuel and other fluids that leak, drip or spill from your vehicle.

Your truck's external compartments are perfect for spill kit storage. And now you can buy a kit that fits!

PIG FUEL STATION SPILL KITS

Spills around fuel stations are a given, but the cleanup can be difficult. So we studied fuelling operations (every shape and size) and designed PIG Fuel Station Spill Kits: the ONLY kits made specifically for safe cleanup of fuel and oil-based spills. No more worries — you can count on our kits to be sturdy, fast-acting, versatile, UV-resistant, weatherproof — and safe for fuels!

MADE TO SOAK UP FUEL SPILLS

We pack our kits with PIG Absorbents, PPE and cleanup tools to safely and effectively clean up petrol, diesel, jet fuel and kerosene — but no water.

SAFER CLEANUP = PEACE OF MIND

The PIG Mats and Socks in our kits are static-dissipative, so you can be confident you'll be safe when responding to flammable liquid spills.

RUGGED CONTAINERS

All the kits are UV-resistant, weather-resistant and grime-hiding black with reflective labelling and striping for visibility — perfect for outdoor storage. Portable, wheeled or stationary kits: You have options for every fuelling location.

BAG & CABINET
KIT4004 Hang cabinet on a station pole, beam or wall

CART
KIT4001 Park indoors or out, at a fuel island or near above-ground tanks

DUFFEL BAG
KIT4003 Store in a cabinet, building or vehicle

BUCKET
KIT4000 Keep indoors or out, in vehicles or a fuel stations

OVERPACK
KIT4002 Place by above-ground tanks, piping, or at fueling sites

PIG Fuel Station Spill Kit in Overpack

Use spill cleanup, then ship the waste in the UN Rated container.

The only kits designed for fueling stations — tough, grime-hiding containers packed with absorbents specifically made for petrol, diesel, jet fuel and kerosene, but no water. Packed with static-dissipative mats and socks for static decay and surface resistivity.

PIG® Fuel Station Spill Kit in Overpack

PROTECTING MORE THAN A DRAIN.

Keep your water sources and environment clean with PIG.

BLOCKERS, DIKES, BERMS & FILTERS

PIG-proven ways to protect drains and control liquids.

COVER DRAINS

PIG DrainBlocker Drain Cover

- Seals tight to keep out unwanted liquids
- Won't rip, tear or stretch when you pick it back up
- Use for fast spill response or long-term outdoor deployment without UV degradation

See pages 92–93

CONFINE & CHANNEL SPILLS

PIG SpillBlocker Dike

- Flexible and formable to the shape of the spill
- Tacky bottom layer seals tight so no liquid seeps underneath
- Confines spills or channels washdown liquids without absorbing them

See pages 94–95

BUILD CUSTOM CONTAINMENT

PIG Build-A-Berm Barrier

- Configure a semipermanent barrier to fit your leak-prone areas
- Pliable foam construction springs back to shape so you can roll wheeled equipment right in
- Big savings compared to building concrete curbs or cutting angle iron

See pages 96–97

FILTER POLLUTANTS FROM WATER

PIG Drain Filters

- Capture sediment, trash and debris to keep drains from clogging
- Available for drains of different sizes and shapes
- Easy to install, maintain and remove

See pages 98–101

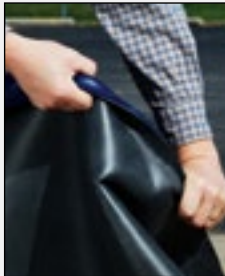

OUR TOUGHEST DRAINBLOCKER CAN TAKE WHATEVER YOUR PARKING LOT DISHES OUT.

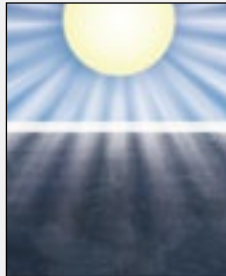

Punctures
Stands up to debris and sharp objects that damage other covers.

Abrasion
Won't wear down even when tyres track on dirt and gravel.

Tearing
More tear resistance means it won't rip or shred.

UV & IR Light
Made to take the baking sun in your car park.

Chemicals
Resists many commonly used chemicals to keep drains secure.

PIG Drive-Over DrainBlocker Drain Cover

Tough enough for tanker traffic.

Semipermanent drain protection made of patented rubber HogHyde Skin stands up to punctures, tearing and abrasion. Conforms to uneven surfaces and seals tightly.

SCAN with a smart phone.

Durable enough for driveovers! See the toughest, longest-lasting, and best-sealing covers on the market in action.

Urethane Notice: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity, and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For more details and for chemical compatibility, please contact your local distributor. For optimum performance, ensure that the area surrounding your drain is free of debris, cracks and holes.

Patent 8,117,686

THESE TOUGH COVERS PROTECT YOUR DRAINS — NO RIPS, NO TEARS, NO WORRIES!

Tear Resistant – Tougher than standard covers to resist ripping.

Easy to Clean – Dirt and grime won't stick to the surface.

Chemical Resistant – Stands up to long-term hydrocarbon exposure.

Round Covers – Available in sizes for drains up to 61cm dia.

UV & IR Light Resistant – this cover is made for long-term outdoor use.

Rectangular Covers – Perfect for long or narrow drains.

PIG DrainBlocker Drain Cover

Protects drains and seals tight.

Our patented two-layer design seals tight to protect drains and won't rip, guaranteed. Use this cover for quick spill response or long-term, outdoor deployment without worrying about degradation. The cover withstands prolonged exposure to diesel fuel and petrol, even when completely submerged.

PIG Drain Covers are reusable, easy to clean, and come with a five year warranty.

Urethane Notice: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity, and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For more details and for chemical compatibility, please contact your local distributor. For optimum performance, ensure that the area surrounding your drain is free of debris, cracks and holes.

Patent 8,117,686

PIG SpillBlocker Dike
Great for a small leak.

Exclusive New Pig formulation features a flexible, tacky bottom layer that seals tight to smooth surfaces and blocks liquids. Useful for surrounding leaky machinery. Reusable and washable, in hi-vis colour for safety. Built-in joints allow you to join as many sections as you need without extra parts.

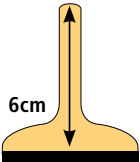

Washable and reusable!
Five year warranty.

PIG Drive-Over
Build-A-Berm Barrier
Handles heavy traffic!

Provides semipermanent containment in high-traffic areas on concrete, asphalt or most sealed surfaces; for best results, use on a smooth, sealed surface. Berm compresses to approximately 6mm when driven over, then springs back to shape when vehicles pass. A silicone sealant and vinyl fabric cement (not included) are both required for proper installation.

When used with standard Build-A-Berm Barriers (page 96), orange colour indicates area where drivers can enter and exit.

FilterSoxx

Protect storm drains from sediment, pollutants and chemicals.

Organic compost/mulch filler achieves 97.2% total solid removal; also filters oils, diesel, gasoline and hydrocarbon sheens. Barrier provides effective erosion and sediment control with constant-flow filtration. Available in two options: PetroLoxx additive removes oily pollutants from stormwater and MetaLoxx additive captures and retains heavy metals such as copper, lead, zinc and chromium.

PIG Storm Drain Filter

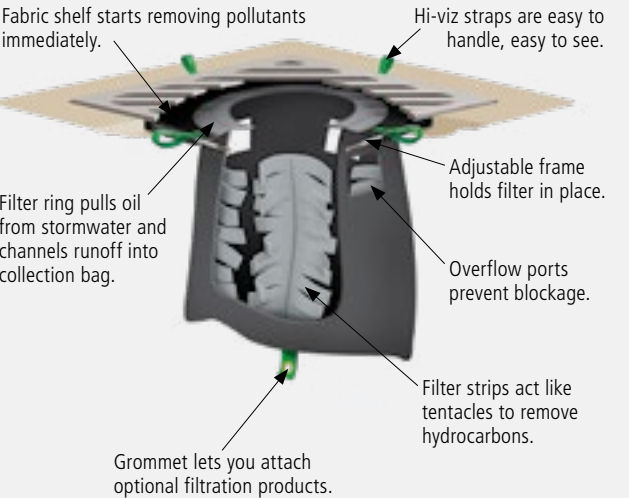

Adjustable frame and 4-stage filtration guard your drains against oily runoff.

Easy, one-person job to install, maintain or remove. Four-stage filtration: Stormwater flows through drain grate onto fabric shelf (Stage 1), passes over filter ring (Stage 2) into collection bag (Stage 3) and over four sets of filter strips (Stage 4). Filter ring (patent-pending) channels water to centre of collection bag to prevent untreated water from escaping through overflow ports.

A LOOK INSIDE OUR STORM DRAIN FILTER:

The reusable Drain Filter is easy to remove to dispose of collected sediment or for periodic maintenance.

FLT748

Integrated straps make positioning the Drain Filter in place an easy task — no need for rebar.

PIG Sediment Drain Filter

Collect debris and dirt to comply with regulations and protect drains.

Ideal for use in the construction industry and anywhere sediment collection is a concern. Constructed of a monofilament polypropylene that captures sand, dirt, sediment, trash, leaves, sticks and cigarette butts. Filters with overflow ports (FLT746, FLT748) allow excess water to release into drain during heavy flow or if filter is blocked; also provides an opening to collect samples of filtered stormwater.

Curb drains

Dumpsters

Roof drains

PIG Stormwater Filter Sock

Keep your runoff free from pollutants.

Filter sock allows water to pass through as it removes oil, sediment, trash, debris and other pollutants from your stormwater runoff. Heavy Metal Sock (FLT822, FLT823) removes all of the above plus zinc, cadmium, chromium, lead and other dissolved metals. Patent-pending dual-chamber design: first chamber's filler pulls in hydrocarbons; second chamber is filled with stone ballast (FLT820, FLT821) or our special media blend (FLT822, FLT823) for two-stage filtration of heavy metals.

PIG LEAK DIVERTERS

Don't end up with damaged goods! Protect your inventory with a PIG Leak Diverter.

WHY BUY A PIG LEAK DIVERTER?

- **Roof and pipe leaks can be catastrophic** and result in ruined inventory, lost production time and possible injuries. How much can you afford to lose?
- **Be prepared!** That storm is coming. Avert disaster by keeping PIG Leak Diverters on hand before you need them.
- **Get the best!** Only PIG Leak Diverters deliver the top-quality and wide selection that can keep you covered in any situation.
- **Keep your employees safe.** Roof leaks cause wet floors and wet floors cause slips and falls. PIG Diverters help you comply with regs stating that your floors must be kept dry and safe.

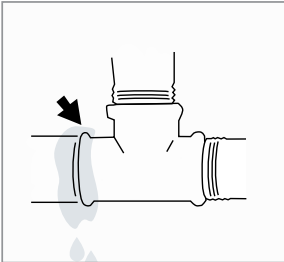

Here's how it works...

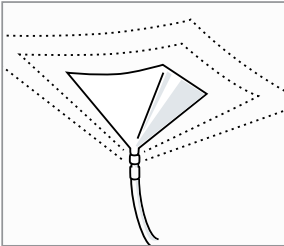

SELECTING THE RIGHT LEAK DIVERTER.

New Pig offers the biggest variety of leak diverter styles and options, each tailored to specific leak and drip challenges in your workplace. Follow these steps to pick the right one for you.

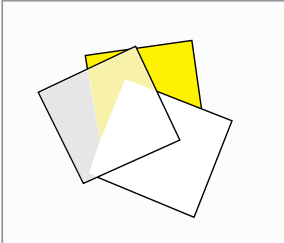

- 1** **Survey the spots where you're most likely to have a leak:** roof, ceiling, pipes, HVAC, etc.

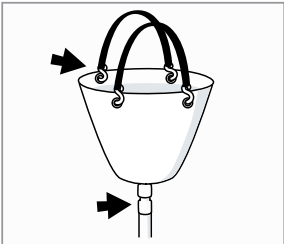

- 2** **Choose the diverter size and style** that matches the leak area. Custom sizes are also available. Contact your authorised PIG Distributor.

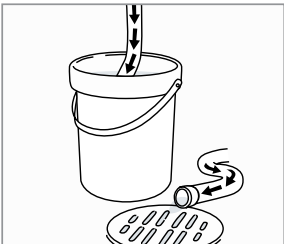

- 3** **Decide on the colour:** clear and translucent diverters are easily inspected and let light through; hi-viz yellow sends a clear safety message; grey blends in with surroundings.

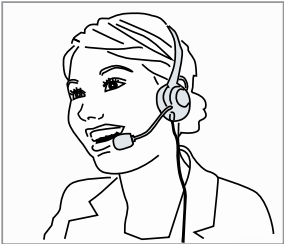

- 4** **Choose the appropriate hanging straps and hose** (shown on page 104 for your application).

- 5** **Consider whether you want to divert the leak into a drain** or use a container to collect the liquid (see Tote-N-Stor Tanks on page 104).

- 6** **Still not sure which diverter fits your workplace?** Contact your authorised PIG Distributor.

TYPES OF PIG LEAK DIVERTERS: What type do you need?

PIG Roof Leak Diverters hang in problem spots to catch nuisance leaks and protect your people, equipment and inventory.

PIG Quick Deploy Leak Diverters pop open for the fastest solution to a roof leak.

PIG Pipe Leak Diverters hang easily to catch and divert leaks and condensation.

PIG Ceiling Tile Leak Diverters install in office areas for low-profile protection.

See how to protect your workplace from roof leaks. Roof leak diverters help keep your facility safe until a permanent fix can be made.

SCAN with a smart phone.

PIG Trough and Sloping Style Leak Diverters

Protect your people and equipment.

Trough style diverter’s long rectangular shape catches and channels leaks or condensation along cracks, fissures or pipes. When fitted around pipes with attached hook-and-loop strips, the sloping style diverter’s natural slope helps it catch and channel leaks to a drain or container.

AWARD-WINNING SOLUTIONS THAT WORK.

Pour and store your liquids quickly and safely with PIG.

LIDS, FUNNELS, AEROSOL & PATCH AND REPAIR

We've got easier ways to store, dispense and manage liquids.

LATCHING DRUM LIDS

- Latching design opens and closes with one hand for easy in-and-out drum access
- Nitrile gasket and locking mechanism seal lid to help reduce vapour emissions and keep drum contents dry and secure
- Hinge stops keep funnel lid upright when open

See pages 113–115

BURPLESS FUNNELS

- Burpless design vents during pouring for fast, smooth flow with no dangerous splashback
- Lets you pour without venting through 3/4" bung
- Multiple lid colour options let you segregate drums

See pages 116–117

AEROSOL CAN RECYCLER

- Recycling system easily punctures aerosol cans, rendering them exempt from hazwaste regulations when properly emptied
- Minimises worker injuries caused by fire, explosion or VOC release from improperly emptied or unemptied cans
- Works with domed mini, standard and jumbo aerosol cans

See pages 118

PATCH AND REPAIR

- PIG customer-favourite epoxy putty sticks to almost anything and cures fast; adheres to steel, glass, masonry and most plastics
- Choose pipe repair kits for a fast, easy way to permanently fix broken, corroded or leaking pipes to beyond their original strength

See pages 119

WHEN DO YOU NEED A LID VERSUS A FUNNEL?

PIG LATCHING LIDS

For solid waste in open-head drums

Safely cover drums of solid waste without the fuss of a nut and bolt ring.

- **PIG Latching Drum Lids** give quick, easy access but keep contents dry and secure
- **One-handed access** makes it easy to add to drum contents
- **Nitrile gasket and locking mechanism** seal drum lid to help reduce vapours and protect contents

PIG BURPLESS FUNNELS

For liquid waste in tight-head drums

Our patented funnel designs help you pour liquids quickly and safely.

- **Burpless vents** allow fast pouring without venting through 3/4" bung
- Easy-access design helps you **minimise vapour exposure**
- **Nitrile gasket and locking mechanism** seal drum funnel lid to reduce vapour emissions

PIG LATCHING DRUM LIDS

PIG Latching Drum Lid

Opens and closes with one hand!

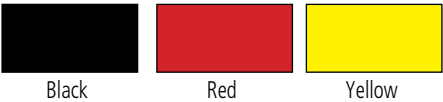

Nitrile gasket and locking mechanism seal lid to help reduce vapour emissions and keep drum contents dry and secure. Latching design opens and closes with one hand for easy in-and-out drum access - keep drums covered.

Adjustable tension means the latching handle will close properly every time!

Removable hinge pin lets you remove the lid without loosening the band.

PIG AEROSOL CAN RECYCLER

PIG Aerosol Can Recycler

Avoid the hassle and expense of haz waste handling.

Recycling system easily punctures aerosol cans, rendering them exempt from hazardous waste regulations when properly emptied. Eliminates the risks associated with illegal aerosol disposal and the expense of hazardous waste handling. Minimises worker injuries. Drum should not be filled more than 70% full to provide proper displacement for released contents.

PIG® Aerosol Can Recycler

DESCRIPTION	ITEM #
Aerosol Can Recycler	DRM1266

Disposal of empty aerosol cans as HAZARDOUS WASTE is too expensive

210-liter Drum

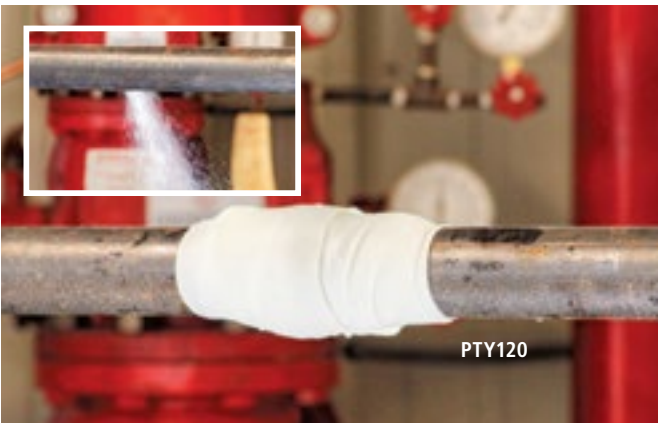

234
Collected "empty"
cans per drum

PUNCTURE & RECYCLE INSTEAD

The PIG Aerosol Can Recycling System (DRM1266) will help:

- Exceed compliance
- Reduced Disposal Cost
- Reduced Handling Requirements
- Recycling Profits

PIG Pipe Wrap Repair Kits

Make broken pipes like new.

Each kit contains materials for restoring one pipe or joint. It works on PVC, copper, galvanized steel, rubber, lead and iron; repair is not affected by salt water. Materials adhere to wet or dry surfaces, so no need to drain pipes. Repair kits for pipes and joints not under pressure require you to relieve line pressure before beginning repairs. Cures in about 30 minutes at 24°C.

HOW IT WORKS

1. Apply primary patch layer.

2. Soak outer wrap to activate it.

3. Apply outer wrap.

4. Finish off repair and let it cure.

PIG® Pipe Wrap Repair Kit for Pipes & Joints Not Under Pressure

CONTROL AND CONTAIN!

Store and secure your liquids on field-proven PIG products.

PIG PALLETS AND DECKS ARE BEST IN CLASS

We understand what you need and build it into every product. That's the PIG Quality Advantage. Our pallets and decks offer features you won't find anywhere else!

1 Unsurpassed Strength:

Every PIG Pallet and Deck is built to support the maximum load long-term. Even fully loaded, our products won't bow, buckle or break!

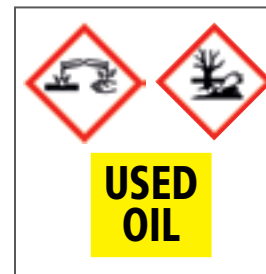

2 Thickest Grates on the Market:

Anti-slip structural grates on our Heavy-Duty Pallets add incredible strength - ours won't bend like cheaper alternatives!

3 Lowest Loading Height:

A low pallet height means less effort to load and unload drums safely on and off the pallet.

4 Proven Chemical Compatibility:

Our pallets and decks are compatible with every type of non-flammable liquid you need to store, whether it's corrosive, oily or anything in-between.

5 Rigorous Testing:

We subject all of our products to more punishment than you can ever dish out, so you can be sure that, when we say a pallet can stand up to a 4,000 kg. load, it can.

TYPES OF CONTAINMENT: What type do you need?

PIG Spill Pallets

Heavy drums are no problem for the strongest pallets you can buy. See pages 122-123.

PIG Roll Top Hardcovers

Our best-selling covered pallets provide easy access and weathertight security. See pages 124-125.

PIG Spill Decks

Tested and proven to be the strongest decks you can buy. Won't buckle or break. See pages 126-127.

PIG Collapse-A-Tainer

Drive-in containment that sets up quickly anywhere you need it. See pages 128-130.

PIG Poly Spill Pallets

Strong and economical.

These 100% polyethylene spill containment pallets are strong enough to support fully loaded steel drums. Resist UV rays, rust, corrosion and most chemicals.

May help comply with containment regulations.

PIG ROLL TOP HARDCOVERS

LOAD YOUR DRUMS INTO OUR ROOMY ROLL TOP HARDCOVERS FOR ALL-WEATHER PROTECTION AND LIQUID CONTAINMENT.

- Roll top slides up for easy access to drum tops while the rest of the unit stays closed; store drums with pumps/funnels in place
- Low-profile pallet with sump catches leaks, drips and spills while keeping drum tops and accessories within reach
- Weather-resistant design prevents contaminants from entering stormwater; Heavy-duty construction allows unit to be lifted by a forklift with drums in place
- Low-density polyethylene (LDPE) with UV inhibitors resists UV rays, rust, corrosion and most chemicals

May help comply with containment regulations.

PAK901, PAK601 and PAK150 can be lifted by a forklift with drums in place. No need to unload them!

Setup is simple! Just load a drum on the pallet, drop sleeve over drum and attach roll top hardcover.

PAK150

PIG Single Drum Roll Top All-weather protection!

Three-piece design provides protected storage and liquid containment for a frequently accessed drum.

PIG SPILL DECKS

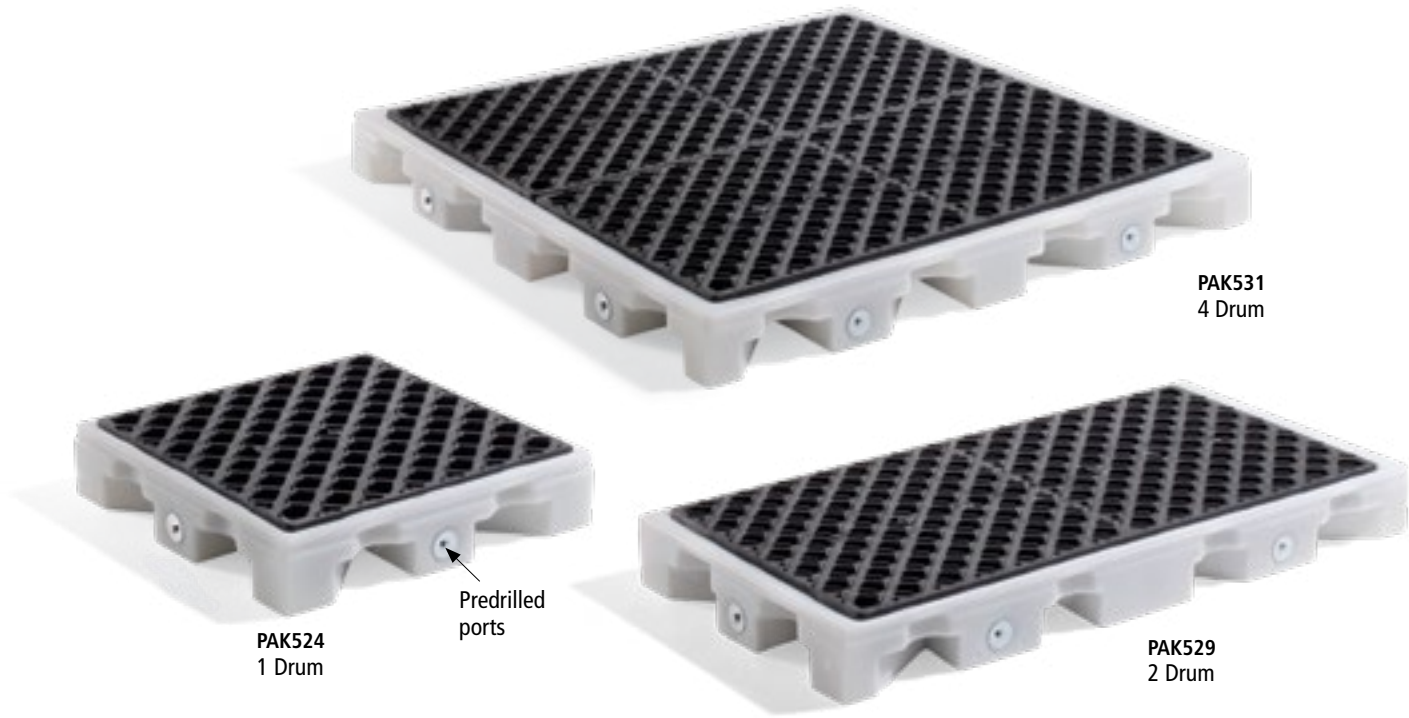

BUILD UP TO YOUR REQUIRED SUMP CAPACITY WITH OUR SUMP-SHARING DECKS.

- Patented flow-through sump design lets liquid pass from one sump to another; helps you meet containment regs
- Modular design features bulkhead fittings and predrilled ports to connect to other decks; ready to use as soon as they arrive
- Mix and match the sections you need to fit your space and help meet sump capacity requirements
- Special tools and hardware to connect sections included
- Low-density polyethylene (LDPE) construction resists UV rays, rust, corrosion and most chemicals
- Textured grating adds traction and lifts out for easy sump access

May help comply with containment regulations.

HOW IT WORKS

Patented bulkhead fittings let liquids from leaking drums flow from one connected deck to the other.

PIG Modular Decks

Create a custom drum storage area.

Modular spill deck system shares sump capacity to comply with containment regs. Mix and match sections to fit your space.

PIG® Modular Spill Decks – Poly

PIG COLLAPSE-A-TAINERS

PAK793

Collapsible sidewalls have attached skirt with aluminium-reinforced supports.

AFFORDABLE DRIVE-IN CONTAINMENT SETS UP FAST ANYWHERE YOU NEED IT.

- Durable, coated geomembrane resists chemicals, abrasion and tearing
- Folds to a compact size for easy handling and storage
- Ideal for use under storage tanks, tote tanks, pillow tanks, pallets loaded with drums and more; can be stowed in a vehicle for containment in remote locations
- One-piece design requires no additional parts or tools

Folds to a size that's easy to handle, carry and store.

Quick setup! Just pull out one support and the entire wall takes shape.

PIG Collapse-A-Tainer Create drive-in containment.

Patented one-piece design makes it easy to create drive-in containment anywhere — no assembly required. Use under tanks, loaded pallets and more. Accessories protect system against wear and abrasion.

May help comply with containment regulations.

Sides easily fold down to allow pallet jacks and forklifts to be driven into and out of containment.

Need a custom size?
