

Authorised 2020-2021 Purchasing Guide

SINCE 1985

1985 CENTRAL PENNSYLVANIA

New Pig is a US-based company that got its start in the Central Pennsylvania town of Tipton. Our company headquarters and manufacturing facilities are there to this day.

1987 **ASIA**

Two years after our company began, we introduced the product that kicked off the absorbents industry, our PIG Original Sock, into the Asian marketplace.

1993 MEXICO & LATIN AMERICA

We brought our DrainBlockers, SpillBlockers and our PIG Mat—which remains today the world's #1 absorbent mat— to distributors in Mexico and Latin America.

1993 EUROPEAN EXPANSION

In 1993, New Pig established its first European presence with an office and distribution facility in Glasgow, Scotland, serving the whole of the UK.

2006 WORLDWIDE PRESENCE

By 2006, we expanded our reach to over 100 countries! More than 300,000 industrial, commercial, retail and healthcare facilities worldwide are choosing PIG to solve their leak and spill problems.

TODAY

Our mission is to help you keep your workplace clean and safe. Our team knows and understands your local market and is proud to bring our products into new workplaces every day.

THE POWER OF PIG

As you browse through this catalogue, you'll notice a wide variety of the brand customers worldwide know and trust — PIG! Whether you're looking for our high-quality absorbents or prefer our economy PIG Essentials product line, there's a New Pig product for every need. Nobody beats the quality, engineering and performance of PIG.

✓ MARKET LEADERS

New Pig has been recognised as the world's leading manufacturer of leak and spill products since 1985. You can be sure you will get high-quality products that are workplace-proven.

✓ TRUSTED EXPERTS

We've developed years of knowledge and expertise working with industries to help them make their workplaces cleaner, safer, and better. We are focused on providing the best solutions for our customers' leak and spill needs.

✓ FULL-SERVICE PROVIDERS

Our comprehensive product range is just one of the reasons why industries across the world look to us as a trusted supplier. New Pig has the answers to all your leak and spill needs.

✓ INNOVATORS

We've piled up dozens of product awards over the years, but our real measure of success comes from solving your problems. Our product developers take customer feedback into our laboratory and proceed to leak and spill, catch and contain, build and demolish until we create the perfect solutions for you.

PIG IS THE SUPERIOR CHOICE!

These methods don't get things clean — they make it worse.

RAGS

- Rags don't absorb much liquid and are an inefficient solution for cleaning up large leaks and spills
- Rags don't hold absorbed liquids in and create an even bigger mess
- Rags can't prevent leaking liquids from spreading

CLAY

- Clay doesn't absorb anything at all and just coats itself in oil
- Clay sticks to workers' feet and gets tracked all around your plant
- Clay can get inside machinery and equipment, causing damage that often requires costly repairs
- Clay is heavy to lift and requires sweeping and shovelling to clean up

MOPPING

- Mop heads are not absorbent enough to handle large leaks and spills
- Liquids either get pushed around the floor or they're wrung into a bucket and soaked up again
- Mopping leaves floors wet and slippery, creating hazardous conditions for workers

OVERSPRAY

PIG Mat Pads and Rolls are the easy solution for controlling drips and overspray.

- Just put them down, let them do their work, and pick them back up
- Absorbs overspray to keep work areas and walkways dry, safe and professional
- Very easy to clean up compared to rags, clay and mopping

LEAKS

PIG Socks are the professional solution for absorbing machine leaks.

- Mouldable design is ideal for lining machine bases
- Leaks are captured and contained before they can spread
- Very easy to clean up compared to rags, clay and mopping

SPILLS

PIG Pillows, Mats and Socks quickly contain and soak up spills to maintain a professional workplace.

- Surround the spill with PIG Socks to prevent liquids from spreading
- Place PIG Pillows on large spills to pull in high volumes of liquid
- Use PIG Mat for cleaning up smaller spills and to dry floors during final cleanup

SOAK IT UP WITH THE #1 BRAND.

High-quality absorbents are customised for every type of job.

PIG MATS Pg 12-47

Supertough PIG Mat lasts 2X longer than ordinary mats. Ideal for catching drips and spills of any type of liquid.

PIG SOCKS & BOOMS Pg 49-57

Stop leaks and spills from spreading, indoors and out, with the widest selection of socks and booms you can find.

PIG PRODUCT TYPE

WHAT TYPE OF LIQUID ARE YOU ABSORBING?

UNIVERSAL absorbs and retains oils, coolants, solvents and water

- Hydraulic oil
- Vegetable oil
- Fuel
- Diesel fuel
- Antifreeze
- Propylene glycol
- Acetone
- Toluene
- Xylene
- MEK (methyl ethyl ketone)

OIL-ONLY absorbs and retains oil-based liquids without absorbing a

- drop of water
- Motor oil
- Hydraulic oil
- Petrol
- Diesel Fuel
- Kerosene
- Vehicle fluids

Vegetable oil

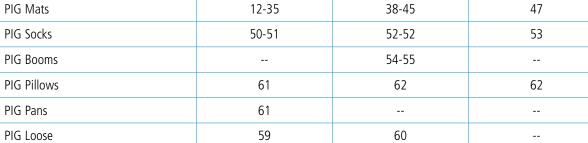

HAZMAT retains acids. bases and unknown

- liquids
- Sulfuric acid
- Nitric acid
- Hydrofluoric acid

• Hydrochloric acid

- Phosphoric acid
- Sodium hydroxide
- Potassium hydroxide
- Hydrogen peroxide

U UNIVERSAL	O OIL-ONLY	H HAZMAT
12-35	38-45	47
50-51	52-52	53

PIG LOOSE ABSORBENTS Pg 59-60

PIG Loose Absorbents are cleaner, safer and more efficient than clay.

PIG PILLOWS & PANS Pg 61-62

High-capacity pillows deliver for high-volume spills. Low-profile pans trap leaks from drum faucets, spigots and flanges.

Nobody outperforms PIG!

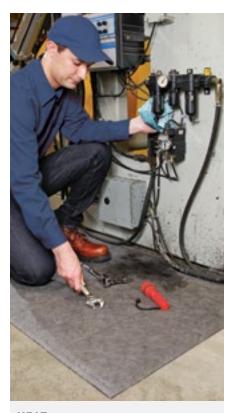

CLEAN

The 100% polypropylene material is safe to handle, it won't rip or fray and it's super absorbent.

LIGHT

No sweeping or shovelling needed. It absorbs up to 10X its own weight, is dust-free and safe on floors and around machinery.

NEAT

Can be placed in spill-prone areas before a spill occurs, you use only what you need, and you pick it up and throw it away easily once saturated.

A MAT FOR EVERY JOB.

U

CHOOSE THE MAT TYPE YOU NEED IN THE STYLE YOU WANT.

U

PIG Universal Mat

Soak up the widest range of liquids in everyday applications. Use these versatile mats walk-on durability. for almost any job.

PIG Elephant Mat

Same construction as PIG Mat but zigzag stitched for extra

Pig Blue Mat

Our most absorbent mat for big spills and high-volume leaks.

PIG HazMat Pads

Specially treated mats are the best you can buy for highly concentrated corrosives.

H

PIG Oil-Only Mat Pads PIG Oily Water Filter

Clean up oily leaks and spills without taking in a drop of water. Lasts 2X longer than ordinary

(0)

Ideal for stormwater applications and general filtration of oily water. Absorbent mat allows water to pass through as it captures oils.

Choose Your Mat Style

PIG Mat comes in various styles and packaging options that best fit your needs.

PIG UNIVERSAL MATS

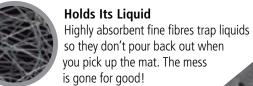

PIG UNIVERSAL MAT ABSORBS **ANYTHING AND WORKS** EVERYWHERE.

- Lasts 2x longer Tougher than ordinary mats for fewer changeouts.
- 8-layers strong Won't rip, tear or shred, even if soaked.
- **Highly absorbent** Fine-fibre construction retains liquids.
- Exclusive dimple pattern Quickly wicks liquid for faster, easier clean-up.
- Easy-tear perforations Use only what you need, reduce waste.

8 Layers Eight layers of thermally bonded polypropylene give PIG Mat superior strength

and abrasion resistance.

TRIED & TRUSTED

PIG Mat delivers the perfect balance of absorbency, retention and durability.

Absorbency

Our exclusive dimple pattern speeds up the wicking of liquid throughout the mat. Leak and spill cleanup is quick and easy.

Retention

Highly absorbent fine fibres trap liquids so they don't pour back out when you pick up the mat. The mess is gone for good!

Durability

Eight layers of thermally bonded polypropylene give PIG Mat superior strength and abrasion resistance.

ICONS FOR UNIVERSAL MATS

Universal Mat: For oils, coolants solvents and water.

heavyweight.

Wear Resistance: Choose from low durability, medium durability, high durability and super durability. Mat Type and Packaging: Look for these icons on each presentation to see the range of options available for each product.

Absorbency: How much liquid do you need to absorb? Choose from

lightweight, mediumweight or

Options in this section:

Roll in a **Barrel Top**

High Volume

Heavyweight mat absorbs more liquid per pad for high-volume leaks and large spills.

Medium Volume

Mediumweight mat offers mid-range absorbency for everyday maintenance and common jobs.

Lightweight mat is perfect for cleaning up smaller spills.

See Why Pig Mat is the No1 Mat in the World

Watch it outperform "stone-age" clay and inferior mats. Scan this code or visit newpig.com/pig-mat-video.

PIG Universal Heavyweight Mat For big leaks and spills.

Heavyweight PIG Mat Pads and Rolls deliver greater durability and absorbency for demanding tasks and large-volume clean-ups.

PIG OIL-ONLY MATS

PIG OIL-ONLY MAT ABSORBS OIL AND REPELS WATER.

- Absorbs and retains oil-based liquids, lubricants and fuels, but not a drop of water
 Floats to skim spill off water.
- Strongest mat on the market Won't rip, tear or fray.
- Exclusive dimple pattern

 Quickly wicks liquid throughout mat.
- **Highly absorbent, fine-fibre construction**No liquid or fibre residue left behind.
- Static-dissipative version
 PIG Stat-Mat absorbs fuels and solvents; proven to dissipate static.

WATER REPELLENT, OIL OBSESSED.

3 applications where PIG Oil-Only Absorbents are most effective:

- **1. On water** Our oil-only socks, booms, mats and pillows float on the surface so you can control even the largest waterborne oil spills. They won't sink, even if they're soaked!
- **2.** In the rain Raindrops bounce right off our oil-only products for easy, effective outdoor cleanups. Don't waste absorbency on a puddle of water when you can just skim the oil off the top.
- **3. Just oil** Indoors or out, if you know you're only cleaning up oil-based liquids, PIG Oil-Only Absorbents can maximise efficiency and save you money.

ICONS FOR OIL-ONLY MATS

Oil-Only Mat: Absorbs fuels and oil-based liquids but not water.

Wear Resistance: Choose from low durability, medium durability, high durability and super durability.

Mat Type and Packaging: Look for these icons on each presentation to see the range of options available for each product.

Absorbency: How much liquid do you need to absorb? Choose from

lightweight or heavyweight.

Options in this section:

Pads

High Volume

Heavyweight mat absorbs more liquid per pad for high-volume leaks and large spills.

Medium Volume

Mediumweight mat offers mid-range absorbency for everyday maintenance and common jobs.

Low Volume

Lightweight mat is perfect for cleaning up smaller spills.

IT ONLY TAKES **ONE SPARK**

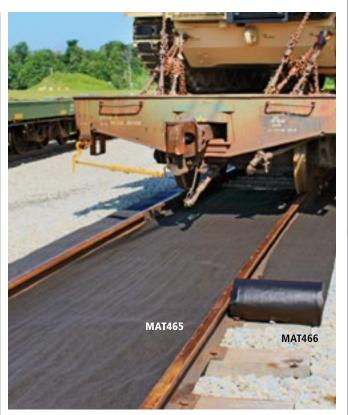

You can follow guidelines, comply with regulations, bond and ground every tank, fuel pump and container, but one simple fact remains: static electricity hides in plain sight and all it takes is one spark for disaster to strike — especially when there's a spill.

Refueling and liquid transfers create spills, so it makes sense to use absorbents in these areas to conform with environmental standards. The problem with conventional oil absorbents is that they're made from polypropylene — a plastic — and naturally carry a static charge. Independent testing shows that these absorbents can carry a charge large enough to spark an explosion just by pulling one out of the bag. That's why using conventional oil absorbents around flammable liquids puts people in real danger.

The only way to be sure an absorbent is safe to use around flammables is to use one designed specially for static decay and surface resistivity, like PIG Static Dissipative socks, pads and rolls!

There also is a significant potential for shipping and handling to cause friction between the plastic bag and the absorbents

PIG Oil-Only Railroad Mat Protect ground from oil-based liquids.

Heavy-duty, three-ply mat is designed specifically to absorb oilbased liquids during railyard maintenance. The top layer is constructed with a tough geotextile fabric that's needle punched for added durability; UV resistant for outdoor use.

CONTAIN OIL AND DEBRIS TO KEEP IT FROM SPREADING.

Closed-cell polyethylene foam corrals pollutants while the skirting barrier hangs below the waterline to stop them from creeping under. Galvanized steel chain along the length of the boom adds weight and rigidity (Except for Tundra Guard boom, which is waterfilled for weight). Vinyl-coated polyester material is UV resistant. Foam floats are segmented, so all booms fold up neatly for compact storage. Strap handle/anchor point allows easy oneperson deployment (featured on all models except EconoMax Booms)

Slide connectors

Most booms shown on the opposite page include marine-grade aluminum slide connectors and toggle pins. (Excludes BOM301 and BOM302)

Snap hooks

PIG Oil and Debris **Containment Booms** (BOM301 and BOM302) feature snap hooks so you can easily secure and overlap booms.

For calm waters

Rectangular foam inserts and 40.6cm-45.7cm height provide enough buoyancy for calm water. Effective in bays, harbours and breakwaters.

Choose these products: **EconoMax Booms** PIG Oil & Debris Booms

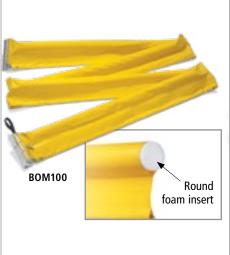

For calm, shallow waters

25.4cm-high boom with round foam inserts is designed for shallow waters. Use in streams, canals, drainage ditches and swamps.

CHOOSE YOUR BOOMS BASED ON TYPE OF CURRENT AND BODY OF WATER:

Choose these products: **Super Swamp Booms**

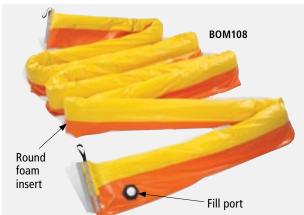

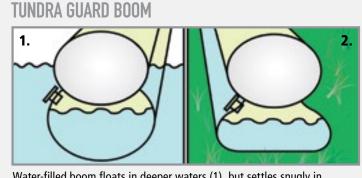

For fast currents

Round foam inserts and 45.7cm-50.8cm height makes these best for rough waters. Ideal for rivers, ports and harbours.

Choose these products: **Optimax Booms & Simplex Booms**

Water-filled boom floats in deeper waters (1), but settles snugly in marshes or when the tide is low (2).

Nonabsorbent Oil & Debris Containment Boom

ABSORBENTS

PIG LOOSE, PANS & PILLOWS

What type of liquid are you absorbing?

U UNIVERSAL O OIL-ONLY

(H) HAZMAT

SIX REASONS TO STOP USING CLAY AND SWITCH TO PIG LOOSE ABSORBENTS!

- (1) Clay doesn't absorb. It just becomes coated with liquid that can seep through.
- (2) Clay is heavy: A bag can weigh 18-22kg and it's hard to carry, sweep and shovel.
- (3) It is abrasive. Gritty particles can damage machine parts.
- (4) Clay sticks to your shoes. So you end up tracking it all over your site.
- (5) It's a health hazard. Some clay contains silica that can cause lung damage.
- **6** Disposal is expensive, messy and labour intensive.

PIG LOOSE ABSORBENTS ARE CLEANER, SAFER AND MORE EFFICIENT THAN CLAY.

Some messes clean up better with loose. With lightweight, highly absorbent, chemically resistant options, we've got you covered! You'll NEVER have to resort to clay.

- Spend less time and money cleaning up spills of oils, coolants, solvents and water with PIG Universal Loose Absorbents.
- Our Loose Oil-Only Absorbents are perfect for oil spill clean-up without taking on a drop of water.
- PIG HazMat Loose Absorbents are specially formulated to stand up to corrosive materials.

CHOOSE FROM MORE SOLUTIONS TO YOUR SPILL SITUATIONS.

PIG LOOSE

Safe, silica-free alternatives to clay — lightweight and more absorbent.

Pages 59-60

PLP201

PIG PILLOWS

Perfect to tuck under a big leak or steady drip in a tight spot.

Pages 61-62

PIG PANS

Low-profile and spillproof pans are packed with loose absorbent.

Pages 61

PIG Dri Loose Absorbent 100% recycled and silica-safe.

A silica-safe alternative to clay, 100% recycled PIG Dri Loose is also easier to handle and fast-working. Great for when green products are desired.

PIG Loose Absorbent

PIG Peat Oil-Only Absorbent Works indoors or out!

All natural, super-absorbent peat moss pulls in only oil-based liquids, not water. Even removes the oily sheen. Nonabrasive; will not harm floors or machinery.

PIG® Peat Oil-Only Absorbent

PIG WIPES

LOOK FOR THESE ICONS.

The higher the number, the more you can expect from your wipe.

PR100 ULTRA-DUTY

Can be used all day and provide the highest levels of abrasion and solvent resistance.

PR60-80 HEAVY-DUTY

Provides the extra toughness you need for jobs like wiping rough parts, gears and sprockets.

PR30-40 MEDIUM-DUTY

Delivers a balance of toughness, absorbency, and economical cost per toss.

PR10-20 LIGHT-DUTY

Is made for high-volume use during light wiping or surface drying jobs.

PIG WIPES ARE TOP QUALITY FOR JOBS FROM POLISHING TO ROUGH SCRUBBING.

For a perfectly manufactured, clean and dependable product every time, PIG Wipes can't be beat. Use the chart below as a guide to picking the best wipe for your needs.

CHOOSE FROM OUR FULL RANGE OF WIPES FOR EVERY NEED.

WORKWIPES RAGS

The highest in quality, consistency and performance; each rag is 100% usable! Pages 64

ULTRA-DUTY

WIP950 Get super durability, absorbency and abrasion resistance all-day long.
Pages 65

HEAVY-DUTY

Tough enough to clean rough parts without shredding.

Pages 65

MEDIUM-DUTY

Blends versatility, absorbency and affordability. Pages 65

Compression-packed bags are a great choice when space is tight.

All boxes feature built-in handles and an opening for easy dispensing.

WorkWipes Rags High quality rags made from a variety of materials.

Strict material and size requirements mean more usable, highquality rags in every package. Choose white coloured material for use with solvents, which might cause coloured rags to bleed. Eco- and cost-friendly New Material rags are made from factory mill ends of new cotton and cotton-blend T-shirt material and 100% pre-consumer recycled textiles.

T-shirts are durable, laundered and low-lint cotton; ideal for staining, wiping, polishing and other general-use tasks.
